Please indicate if the above name is the: Customer or Contractor

ELIGIBILITY and TERMS & CONDITIONS

For questions about eligibility for an incentive, contact **1-888-427-8888** or **incentives@enbridge.com**. These offers are subject to the following terms and conditions. Additional terms may apply; refer to the **www.enbridgegas.com**

- 1) The Customer must be the owner or renter of the applicable energy efficient equipment.
- 2) A valid Enbridge Gas Distribution Inc. account number matched to the installation address and a copy of proof of installation installed within the program offer's eligibility dates identified must be provided.
- 3) Enbridge Gas Distribution Account must be in good standing.
- 4) Valid in Enbridge Gas Distribution franchise area (Ontario) only.
- 5) Form must be received by Enbridge Gas Distribution within the program's eligibility dates identified. Enbridge Gas Distribution is not responsible for lost mail or mail disruptions.
- 6) Allow 10 to 12 weeks for delivery of payment. Submitting an incentive application form with incomplete or missing information will delay processing of payment.
- 7) Enbridge Gas Distribution does not guarantee the performance of installed equipment expressly or implicitly.
- 8) Offer is subject to cancellation without notice at any time.
- 9) Enbridge reserves the right to independently verify the information in this application and to randomly select a number of locations to confirm installation.

Mail, Fax or Email your completed and signed form with proof of purchase and installation to:

2013 Industrial* Fixed Incentives

At Enbridge Gas Distribution, we're committed to helping you reduce your energy consumption and improve your bottom line. Our Fixed Incentives are designed to help offset the cost of energy efficiency upgrades that will lower the amount of natural gas you consume and your overall natural gas bills. You will find a complete list of our 2013 Fixed Incentives below.

DESCRIPTION	INCENTIVE AMOUNT	PURPOSE
AIR DOORS¹		
Single Door (Pedestrian Entrance)	\$50	Prevent outside air from entering an opening into a heated or cooled area. Air doors can contribute to: <ul style="list-style-type: none"> • Energy savings through control of air transfer • Increased employee comfort • Elimination of ice and fog in cold storage areas
Double Door (Pedestrian Entrance)	\$100	
Shipping Doors (8'x 8')	\$400	
Shipping Doors (8'x10')	\$600	
Shipping Doors (10'x10')	\$2,400	
HEAT RECOVERY VENTILATORS (HRV)²		
Minimum Recovery Effectiveness of 61%	\$0.20/CFM	Keep heat in while moving stale air out. Ideal for: <ul style="list-style-type: none"> • Reducing demand on HVAC system and associated natural gas consumption • Improving ventilation and indoor air quality
ENERGY RECOVERY VENTILATORS (ERV)²		
Minimum Recovery Effectiveness of 67%	\$0.25/CFM	Same capabilities as HRV but also manage humidity. Ideal for: <ul style="list-style-type: none"> • Reducing demand on HVAC system and associated natural gas consumption • Improving ventilation, indoor air quality and humidity levels
INFRARED HEATERS		
Up to 300,000 BTUs	\$100	Provide heat to localized areas. Ideal for reducing energy and associated costs required to heat unutilized space.

To apply for our Fixed Incentives, refer to the Application Form on the back, speak with your Energy Solutions Consultant or contact us using any of the following methods:

Phone: 1-888-427-8888
Email: energyservices@enbridge.com
Web: enbridgegas.com/industrial

* Applicable to industrial customers for non-process, space heating applications.

¹ For non-heating doors and commercial or industrial customers that use natural gas for space heating.

² To be used for space conditioning (not process heating) applications only. Product must have a minimum air flow capacity of 300 CFM per unit. Not to be used to recover energy from airstreams containing noxious or toxic fumes. Not to be used as part of a restaurant exhaust system. Frost control must be used for an ERV where winter design temperature is below 0°F. Offer is valid only if the technology is used for common areas. Each unit must have a minimum Heat Recovery Effectiveness of 61% for an HRV and 67% for an ERV. For installations that have an electric humidification, the HRV rather than ERV incentive would apply.

Additional terms and conditions may apply to specific offers. Incentive recipient must be the owner of the applicable energy efficient equipment. Enbridge Gas Distribution account must be in good standing. Must provide proof of purchase matched to the installation address. Valid in Enbridge Gas Distribution franchise area (Ontario) only between January 1, 2013 and December 15, 2013. All forms and proof of purchase must be received by Enbridge Gas Distribution no later than December 31, 2013. Enbridge Gas Distribution is not responsible for lost mail or mail disruptions. Allow 10 to 12 weeks for delivery of payment. Enbridge Gas Distribution does not guarantee the performance of installed equipment. Enbridge reserves the right to independently verify the information in this application and to randomly select a number of locations to confirm installation. Offer is subject to cancellation without notice at any time.
